2006
NISSAN DIESEL
ANNUAL DEALER
CONFERENCE

EMPEROR'S PALACE 24 - 26 MARCH 2006

UD NISSAN DIESEL
 means business

Dear delegate

As one of South Africa's leading commercial vehicle manufacturers, we are at the coalface of having to position our business operations, structures and dealer communications to face some of the most demanding, yet exciting business challenges ever.

You will experience our shift in focus and energy at the forthcoming conference this year. We plan to have more information sharing opportunities, rather than workshops to facilitate the transfer of business knowledge and ideas.

VENUE UPGRADE: EMPEROR'S PALACE

Our Nissan Diesel dealer network and conference attendee number have grown so vastly these past few years that we have had to upgrade to a more suitable venue to cope with our large number. This is a positive trend which I do hope, will continue.

The conference will take place at the Emperor's Palace this year, a mere stone throw away from Johannesburg International Airport. We encourage all Pretoria and Johannesburg based dealerships to stay over, as our business programme commence early morning. This year we will also enjoy the sheer decadence that 4 and 5 star hotels have to offer!

CONFERENCE DATES:

Note: The ADC will commence on Friday, 24 March 2006 and close with an official breakfast on Sunday morning, 26 March 2006.

DEALER COUNCIL:

The Dealer Council meeting will be scheduled to take place after the first business session on Friday afternoon. Members will be informed of the details separately.

ACCOMMODATION AND TRAVEL ARRANGEMENTS:

Two luxurious hotels have been booked for the event. Hotel allocations will be done on a first come, first serve basis. The room costs per day are:

D'oreale Grande (5 star)	R1 339
Metcourt Laurel (3 star)	R934.00 de luxe suites
	R814.00 classic suites

We have arranged for a master account at both hotels and will pay for this on your behalf and recover the cost from your Sunday account later. Please ensure that you sign your room number on each transaction slip and that your room bill is correct when you check-out, as we will use this account as the basis for recovery. Travel, accommodation, room beverages and telephone usage will be for your account. All luncheons and dinners will be paid by Nissan Diesel.

Courtesy vehicles run at 15 minute intervals to collect out of town guests. If we need to assist you with flight arrangements, please let Petro Louw know as soon as possible.

A courtesy vehicle will also run between D'oreale Grande and the Convention Centre every 10 minutes, departing at the main entrance to the hotel.

Haiku. For serious students of oriental arts, it would be time well spent trying to write haiku. It helps to demonstrate how often we overstate the obvious, perhaps because we are always concerned that others will not notice that which we can see so clearly ourselves. Think about this: If one is too descriptive in the telling, the listener has no room to think or add some "own" interpretation to the story. In haiku form one may say:

A few words in ink.
Written with much care and thought.
Thinking minds respond.

HEALTH SPA: OCTAVIA'S SENSORIUM

The luxurious world-class Health & beauty spa will indulge you beyond your expectations. This magnificent facility resembles the eclectic style and ambiance you have only dreamt of. We have booked the entire facility from Saturday, 11:00 to 17:00. There are 7 consulting rooms and 7, highly qualified beauticians to assist you.

Treatments range between 45 minutes and 1 hour in duration. Early booking with Petro is absolutely essential. No late arrivals/cancellations can be accepted. The exotic, heated Roman spa bath, sauna and steam baths are open to delegates who have made a booking, throughout the day. A small charge in this case will be asked. Delegates who wish to make use of these facilities must please ensure that they pack bathing costumes. Unfortunately, we will not practice the 'Roman' style of bathing. Please indicate your interest on the RSVP form.

Suiseki. Otherwise known as "viewing stones" is the art form of finding, preparing and presenting rocks as art works. Rocks chosen as suiseki invariably conjure up images of natural scenes, animals or even people without being literal replica's of what they portray. Suiseki is a generic name but there are many categories defining the style or illusion created with the rock. Suiseki are actually "water stones" while sansui-seki are "land stones". There are many others, however the important thing to note is that the stones are not planted with plants and when apart from their stands, are presented for their own beauty.
