For the Trucking Connoisseur:
THE PERFECT BLEND

best-in-class flexibility

UD NISSAN DIESEL
means business

Dear Valued Customer,

If you're looking for the perfect blend of power, ruggedness and technical refinement, look no further than the UD400KT 4 x 2 from Nissan Diesel South Africa.

Offering best-in-class application flexibility, it thrives on tough application and, like every vehicle in our stable, is geared towards low life-cycle costs. Just as crucially, it's been adapted to local conditions whilst maintaining our Global Standard quality.

These tough, but refined, customers are distributed via 45 dealers countrywide with a proud record of after market care and support. Quality parts supply is industry leading with appointed dealers assuring 24 hour turnaround 365 days a year.

Our UD Finance Division constantly adds to customer relationship value with structured finance, tailored maintenance and warranty options.* And vehicle selection is smoothed by our sophisticated Helberg Transport Consultancy.

So blend your own cup of finest coffee, and put one of our finest to work.

Sincerely yours,

Frans Cloete

Executive Vice-President: Operations
